

Usage Policy: External online (http://www.cen.iitb.ac.in/equipment_usage/index.php) requests (with allowable sample and materials) will be processed only on Tuesdays and Thursdays upon availability of the operator. The nature of measurement should be explained in detail in the external usage request. The requester should also understand the mounting requirements from discussion with the system owner. The usage request may not be honoured even after approval if any new information on the sample does not meet the measurement requirements of the system.

Training Policy: currently training is not opened to external users.

Violation: Online requests with insufficient sample information or wrong sample information will be a serious violation especially upon approval and processing those requests with sample having materials which are not allowed.
