

Training Procedure:

For student/staff from electrical Department:

1. E-mail from guide to the system owners
2. Minimum watching three runs performed by an authorized user
3. If the trainee is confident, then (s)he has to do two runs in presence of an authorized user
4. One independent run including making a new process recipe from beginning in the presence of respective SO for Si and for III-V or Ge processing.

For student/staff from other Departments:

1. E-mail from the respective guide to the Lab manager who will subsequently send it to SO for training.

Rest everything is same as in the above one.
